Working with Children Check. Exp: 2024  
 First Aid II

**PROFILE**

I am a highly experienced Production Manager who has worked in the industry for over 20 years. I have been a Producer, Production Manager and Agency Producer. I have worked on hundred's of TVC's, video clips, feature films, short films and documentaries, some with high range budgets, complex projects with multiple shoot days, to small guerrilla shoots with very limited resources. I've worked with tracking vehicles, low loaders, motion control, helicopters, stunts, various animals and children, stills shoots, and huge extra's scenes. I am friendly, professional and I have strong communication skills across all aspects of production.
